7/10/2020. The teachers got all their didactic equipment.

The lessons started with the exam class: CM2 from 15/09, as the intervening period was used for some catching up work. All lessons had been stopped for the whole of the land since 13/03/2020 because of the pandemic. The other classes have joined in studying since 11/10/2020, whilst respecting all the barrier measures set out by the government.

We have continued to adhere to these measures well from then until today 17/04/2021, together with 4 level of performance controls per class, as well as 4 mock exams for the CM2 class.

Mr Jean Pierre DAHO, adviser to the school came after the first performance control to encourage the teachers and help them to find the best ways to help their pupils achieve better grades.

Results of the two written papers (moderated) organised by our CEB and the result of the mock exams:
